Soft Skills:	Teamwork, Leadership, Problem-Solving, Adaptability,Communication

PROJECTS

Wear2Care {*ReactJs, NodeJs, MongoDB*} *GitHub | Live Preview*   *Aug 2024*

- Developed and launched Wear2Care, a unique platform dedicated to promoting sustainable fashion and charitable giving.
- Facilitated a seamless user experience for buying high-quality second-hand clothes and donating gently used items to NGOs.
- Focused on bridging the gap between sustainability and charity, contributing to positive environmental and social impacts.

TimeGaze (Chrome Extension) {*HTML, CSS, JavaScript*} *GitHub*   *June 2024*

- Developed a Screen Time Tracker Task Reminder Chrome extension to help users monitor their screen time on individual tabs.
- Enabled users to keep track of time spent on each tab, encouraging better time management, promoting healthier browsing habits and improving productivity.

School Management System {*HTML, CSS, JavaScript, PHP, MySQL*} *GitHub | Live Preview* *Jan 2023 - April 2023*

- Created a web application designed to enhance a school's overall performance by streamlining administrative tasks.
- Integrated features like record management, grade management, and communication tools for better organization.
- Improved efficiency, reduced paperwork, and facilitated better communication between administrators, teachers, and students.

POSITION OF RESPONSIBILITY

Associate at Innerve
- Led a team of 4 Head Coordinators and 3 Coordinators in the Creative Team for Innerve 2023 (TechFest of IGDTUW), successfully overseeing the design and production of both digital and physical materials for the fest.
